

Bedrooms 4

Bathrooms 4

M² Built 338

M² Terrace 128

M² Garden 0

Located in an idyllic setting near Marbella, the Sky Villas represent the latest chapter at Finca de Jasmine. This innovative development combines the spaciousness of a traditional villa with the convenience and security often found in high-end apartment complexes. Each home has been carefully designed to maximise privacy and offers breathtaking sea views from the extensive terraces and light-filled interiors. Whether you are looking for a serene retreat or a stylish location for entertaining, the Sky Villas promise modern luxury in a truly privileged environment.

The Sky Villas at Finca de Jasmine are part of six buildings, each strategically oriented to capture the region's beautiful views. Buildings 01 to 05 (Type 01) each offer three individual Sky Villas, while building 06 (Type 02) contains two remarkable residences. Each residence occupies one or two entire floors, creating a sense of space rarely found in conventional apartments. This architectural approach not only guarantees uninterrupted views but also allows for a private lift directly to your residence from your personal garage.

Residents can also enjoy the communal facilities of the Sky Villa Pool - an inviting sun terrace and swimming area designed for relaxed afternoons and socialising. Whether you prefer to bask in the sun or take a refreshing dip, this communal area contributes to the relaxed yet vibrant lifestyle at Finca de Jasmine.
